How to make them

1. Print at **100% / Actual size** on white cardstock (65–110 lb).
2. Cut along the black outline. Leave a thin white edge if you like.
3. For glasses, cut out the lenses with a craft knife.
4. Tape or hot-glue each prop to a wooden dowel, paper straw or skewer.
5. Reusing them? Laminate the sheets before you cut.
